'Primavera' Pinot Noir 2007

The most attractive characteristics of this wine are its fruitiness, vibrancy, juiciness and tangy dry finish. It's laced with fresh elegant strawberry and cherry flavours, reminiscent of our earlier versions of this wine. Perfect cool, yet dry growing conditions, have contributed to this wine's natural power, length, complexity and texture. Seasoned oak has been used so as not to dominate the overall feminine structure making this wine truly drinkable.

Developing slightly slower than in past vintages, the consumer will be well rewarded with some short term cellaring.
